The club has guns to loan if you do not have one. You must bring new ammunition if using club guns. You must come to an orientation to learn how to do the paperwork and get instruction on how to operate the machines. Then you come out again and show the club you know how to do it on your own. The trap range has a voice call system so you can shoot by yourself. Reminder that every range has a chairperson and they are

your primary point of contact. Member Question-If someone wants to shoot slug or buckshot, where do you shoot? Gary advised to use upper range. Clarified that the “upper range” and rifle range are not the same thing. Tracey added to the report that our Jr. Trap program is outstanding. This month the kids are starting on 5 star matches, shooting at 7 different locations over 7 months. We are hosting in January. Come watch them! Matt Marcellus on muzzle loading-They shoot every Friday morning. Santa Fe shoot every 4th friday. They do lunch after if you want to come!

Facilities - Tim Smith reported his progress on access cards for members. The cards will gets you in the gate, clubhouse, indoor range, pistol house, trap house, and connexes. Access cards will be issued and programed. The idea is to help with renewals so that you renew during the month you came in, rather then everyone all at once in February. Additionally, it will be easier to deny access for those that don't make a payment. He has a bid coming in and is hoping by next meeting to have a plan.

This Sunday is work day. It's getting towards the end of the year so there will probably be quite a few people. Dress appropriately.

Motion made by Paul Nadreau for funds not to exceed \$16,150 for various concrete projects as outlined. Second by Richard.
