

APPLE VALLEY GUN CLUB

Safety Committee Meeting Minutes

May 20, 2020

Called to Order: 6:00 p.m.

In attendance: Dina McKinney, Ed Swan, David Cox, Jason Myskow, Gary Menser, Tim Smith, Diana Roederer, Tracey Graham, Sandra Oberlies

Close Call/Incident reports (Tracey Graham):

- Two incidents/close calls since the last Safety Committee meeting. Both were in the Indoor Range. People did not realize that when you sit or kneel, you change the trajectory of your bullet so there was chipped paint on two different occasions. The most recent situation was two guys with 3 kids who were all there for about 2 hours. They were extremely safe until right at the end when one of the kids knelt to shoot. Both situations were handled with phone calls; one of the individuals has been talked to on multiple occasions. Tim suggested we paint the bottom of the top piece red so if you see red in your sites you don't shoot, just like we did with the pillars.

Range Reports:

- Facilities-Tim Smith: The new bathrooms on the pistol range are making progress. 1 toilet was installed today, the rest are in boxes. The others should be handled tomorrow but give another week to complete.
- CRSO-Gary Menser:
No report
- Pistol Range-Ed Swan: Everything has been fairly good with only a few issues and those people have been talked to on the spot. Dina prepared the survey monkey to go out regarding the concrete work and it was sent to Suzan to be e-blasted tonight.
- Trap Range-Gary Menser: During the pandemic, they shut down for a few days but then everyone came back. The range was not open to the public; only members shooting with members

- Rifle Range-Jason Myskow: Everything is pretty much the same on the rifle range. The new target is on the 380. He forgot to tighten the bolt so it's turned sideways right now but he will run up and tighten it. The "red patch" to the left is the old plate that was on there that he moved it 30 ft back. He had some people shooting shotguns, not sure what they were shooting at, but the shells were up there. He did have someone turn the power off to everything, including the cameras.
- Indoor Range-CJ Caruth: No report (issues covered above in Close Call report)
- Archery Range-Sandy Oberlies: Nothing new to report. Just before Larry left, he set up new hangers for the archery range. She is new to being Chair and she hasn't been around much just yet. Tim let her know a bow was donated to the clubs and it is just inside the door of the metal connex. Sandy stated she needs to get together with Ray to get her keys; he had them for the merchandise.

Old Business:

- None

New Business:

- Tracey advised we are 99% of the way to getting the CCW range qualification back to AVGC. There is a meeting this Friday to go over the details. Tracey thinks there is a fairly good plan put together but he is looking for input from others.

Open Discussion

- Diana passed out red folders with Sign in Sheets and Waivers. She explained that the Waivers were too confusing for Match Directors so she streamlined it. Ed said the Match Directors need to be educated on the waiver process.
- Tracey advised that he got a skeleton course put together for Defensive Shotgun. It gives him something that he can work on to come up with the curriculum for a class.

Adjournment: 6:53 pm

Respectfully Submitted,
Dina McKinney, Secretary
Apple Valley Gun Club
