Safety Committee Meeting Minutes

June 17, 2020

Called to Order: 6:00 p.m. Pledge of Allegiance recited by all in attendance.

In attendance: Tracey Graham, Ed Swan, Tim Smith, C.J. Carruth, L.C. Woods, Jason Myscow, Gary Menser, Diana Roederer

Close Call/Incident reports:

- None

Old Business:

- None

Range Reports:

- Facilities-Tim Smith: Discussed finding someone to dress the pistol berms. Will need membership approval.
- CRSO-Gary Menser: Mentioned the classes being up and running. Addressed the need for Coaches for our various programs.
- Pistol Range-Ed Swan: Ed mentioned there continues to be numerous half used water bottles being left on the range. Tim said if the waste continues through the month, we'll have to go back to charging for water. Ed thanked Tim for the work done on the Pistol range.
- Trap Range-L.C. Wood: Need to purchase another umbrella for the upper range. At first it was thought someone had shot the umbrella, but upon further examination it was determined that the umbrella had succumbed to age and sun.
- Rifle Range-Jason Myscow: Mentioned that someone had disconnected the cameras on the rifle range on two different occasions. Video will be reviewed to determine who.
- Indoor Range-CJ Caruth: Members and/or guests continue to shoot into the back wall above the bullet stop. In two reviews of the video it was observed that shooters were shooting from standing position, then either sat down or knelt down, changing the trajectory. CJ said he will be painting the area above the backstop red in an attempt to make shooters more aware of their target and what's beyond.

-Jr. Pistol: It's undetermined when Jr Pistol will resume.

-Jr. Rifle (Ray Jameson): Ray was not present, but CJ said Jr Rifle was also in limbo waiting on word from the CDC and County.

- Archery Range: No report.

New Business:

- Following the meeting, we were notified of a rattlesnake under the log in front of the Adobe bathroom. Jason captured the snake and will relocate it off property.
