The original minutes, original source documents and notes shall be maintained in the Secretary's Corporate Correspondence Files until the minutes of meetings have been reviewed and approved, and at that point the notes may be destroyed. 1.3 ELECTIONS

The Annual Election is held during February each year, and the results tabulated and emailed to the membership as soon as possible in accordance with Article 3 of the Bylaws.

Nomination and Approval of Candidates After reviewing the current board composition, the Executive Committee of the Board of Directors shall verify which directorships and executive positions are open for election. Those positions shall be identified by title and by term of office as indicated by their year of reelection.

In accordance with the Bylaws, Article 3, each directorship and each executive position shall be identified as open for nomination and shall indicate the period for which that nominee shall be serving. Directorships and executive positions filled by appointees shall all be placed in contention at the next election and shall be opened for nominations with all others.

Nomination Cycle

During September of each year, at both the Board of Directors meeting and the Membership meeting, the President shall announce that nominations for office will commence during the month of October. In October of each year the President shall announce the opening of nominations for Directorships and the President and/or Vice President (President Elect) at the Membership Meeting conducted in October. Opening of nominations shall be submitted and seconded by the membership at that meeting, and those nominations shall be recorded in the minutes of that membership meeting. Nominations shall be closed at midnight on the

day following the November membership meeting. Once nominations are closed by the Secretary, the Secretary shall create and approve a ballot for dissemination.

Verification and Certification of Candidate Qualifications shall be accomplished by the Secretary no later than close of business on November 30, and the list of nominees shall be distributed to the membership by newsletter, public postings and the website. Election Information Dissemination

Publication of candidates and candidate statements shall be accomplished by the Secretary by December 31 of the year of nomination. Candidate statements shall be posted in a book along with the Bylaws and Policies and Procedures Manual in the Clubhouse. Any additional fliers or materials that candidates want distributed will be delivered to the Secretary and will be posted in the candidate's statement book. Under no circumstances will candidates post fliers or election materials elsewhere on the property. Members may request copies of all of the aforementioned by email at that time.

There will be a Candidate Night at the Membership Meeting in December. This shall serve as a forum where nominees may address those in attendance and answer questions from the membership. This meeting shall be conducted as an open forum in order to give candidates the opportunity to answer questions of the membership. This meeting shall not serve as a forum to debate, and all members shall adhere to strict decorum.

Ballot Production and Dissemination

Production and dissemination of ballots by the Secretary shall be accomplished no later than December 31 of the nominating year and shall be distributed to the membership by U.S Mail in the form of a newsletter acting as an Election Guide. The election guide shall contain a ballot

listing the nominees by office and duration of term. This election guide shall also contain a membership renewal form listing all current requirements for renewal, a return address envelope, and other instructions indicating the times, dates and places where members may renew in person; means by which members can renew by mail; and means by which members may renew by drop box at the Clubhouse. Members must submit their ballots with their renewal form and renewal fees by January 31.

Dues must be paid in full by January 31 or your ballot WILL NOT be counted.

Return Service Address / Procedures for Ballots

Bulk mail envelopes for election materials shall be franked with a “return service requested” franking mark in order to ensure all members either receive their ballot and renewal materials or the club membership committee is aware of an address change or error by way of return service. All efforts must be made to correct addresses and ensure timely delivery of ballot and renewal materials.

Ballot Receipt, Tabulation and Verification

A Tabulation Committee shall be appointed by the Secretary and shall consist of no fewer than 3 persons. The chair of the Tabulation Committee shall be an uninterested party (one not running for office) and that chair shall direct the collection, storage, tabulation and verification of ballots. The Chair shall be an uninterested Committee Chair or Director and shall be appointed by mutual consent of the Board of Directors. Once disseminated, ballots must be received and kept in a secure state until the Tabulation Committee Chair directs that they be opened. This direction may come at any time the Chair of the Tabulation committee determines that it is advantageous and appropriate to begin counting and tabulating votes. The counting of ballots shall commence once it is reasonably clear that ballots mailed prior to the 1st of February have been received. The Secretary, Treasurer or if both are interested parties, another uninterested director shall provide a current membership roster in order to validate membership currency of all votes. In order to maintain secrecy of ballots, the ballots shall be delivered with the member's name displayed on the outside of the return envelope. Once qualification is verified by a member of the Membership Committee, the ballot shall be passed to the next committee person who will open the envelope, and keeping the ballot folded and votes out of sight, shall place that uncounted ballot in a blind box. Once collected in the blind box, ballots shall be removed only when they are to be counted. Ballots shall be counted and tabulated using a spreadsheet listing each candidate. Each member shall have a total number of votes equaling the number of directorships and executive officer positions on the ballot. Multiple votes may be cast by one member for one or more candidates. Votes for executive positions are cast and tabulated separately from those for directors. Executive Committee Members (President, Vice President, Secretary and Treasurer) each have one vote per category. Votes for directors are categorized by term of office. For directorships, one and two-year categories may result in more than one open position. In such a case, members shall be given one vote per open directorship by category.

Announcement of Results

The announcement of the results of the annual election shall be provided to club members by email as soon as possible following the ballot count. This announcement shall at least contain the names of each director and executive officer thus qualified and receiving the greatest tally of valid votes in each category. The Secretary shall also deliver a validated count of all votes cast by category to each candidate on the ballot.

Notification of Election of Executive Officers shall be made to interested organizations and businesses as soon as possible, to include, the California Rifle and Pistol Association, major vendors, the City of Victorville, the California Secretary of State (SI-100) and other organizations as may be appropriate.

The applicable filing period for a corporation is the calendar month during which its original Articles of Incorporation were filed (January of 1948) and the immediately preceding five calendar months. AVGC Members Database Hosting, Back Up Procedures and Internal Controls:

The membership database is the singular most critical piece of electronic information held at the club and must be protected from compromise. Backups must be maintained in the fireproof safes in the clubhouse as well as backed up on an appropriate remote secure location. Should Apple Valley Gun Club suffer a major fire or theft, the backup copies held in the clubhouse and remote location will provide a fast and reliable basis from which to restore our operations.

Postal

First Class Postage Funding Procedures and Internal Controls:

First Class Postage shall be purchased on a cash reimbursable basis by the Secretary or Treasurer and distributed to those needing First Class Postage. First Class Postage shall be kept to a minimum but shall be the primary means of written correspondence with vendors. Certified and Priority postage shall be purchased on a cash reimbursable basis by the Secretary or Treasurer.

Bulk Mail Permit Funding Procedures and Internal Controls:

The Bulk Mail Permit issued to the Apple Valley Gun Club by the United States Postal Service shall be a means of distributing printed matter. Electronic communication is more cost effective and should be used when possible. Some documents such as ballots require the distribution by US Mail. In these cases, mailings should be consolidated and sent via the Bulk Mail Permit. The reference for the use of the Bulk Mail permit is the current edition of the Domestic Mail Manual of the United States Postal Service.

Technical support can be found both at the Victorville Central Post Office, 16333 Green Tree Blvd, where our Bulk Mail Permit is issued and administered. The Bulk Mail Center is located on the south side of the main post office and the Bulk Mailings manager may be reached at
760-241-4433.

Audits of any and all postal accounts and activities shall be conducted by the Finance Committee under the direction of the Treasurer unless otherwise specified by the Board of Directors. Reports of audits shall be delivered to the Board of Directors in Executive Session.

The preferred method of delivering routine newsletters, calendars and other information to the membership is via the website and physical postings at the club property. Election and renewal forms must be delivered by U.S. Mail or bulk mail. In cases where members'

addresses result in a “return service” that member shall be automatically moved to a web only delivery status for routine information and newsletters. That member may not be returned to a U.S. Mail delivery status until they request such status and provide a confirmed mailing address.

Access to the club Post Office Box at the Victorville Post Office shall be limited to no more than four people and ideally, the Secretary and Treasurer will be the primaries. If that is not practical, the Board of Directors shall appoint members responsible for picking up mail.

U.S. Mail as business mail directed to the Apple Valley Gun Club shall be delivered to the Apple Valley Gun Club post office box. Business correspondence shall not be directed to a personal address unless authorized by the Board of Directors. Deliveries of parcels by carriers other than the U.S. Postal Service may be delivered to addresses other than the P.O. Box and physical address of the club provided that alternate address is stipulated as a delivery address only, and under no circumstances, shall a personal address be represented as the official business and/or billing address of the Apple Valley Gun Club. Under no circumstances shall any member use the physical or business address of the Apple Valley Gun Club as a personal or alternate business address.

Reproduction and Forms

Contract Reproduction Services:

The Club shall maintain standardized local forms on an as required basis, and forms generation shall be approved by the Secretary on an as needed basis. Local generation of forms shall be kept to a minimum and standardized forms shall be used to the greatest extent possible.

Photocopy Services:

Local photocopy services shall be provided by the Secretary for the support of business operations of the Club. Large print jobs should be commercially printed to keep costs down.

Version Control Procedures:

All recurring correspondence, forms, letters, calendars, and all forms reproduced shall be marked in the lower left corner of the cover page with a version control mark as follows:

DD/MO/YR/Drafter Initials. Ex: 01/01/11/NRR

2.2 INFORMATION MANAGEMENT

Information Security:

Information security is the responsibility of the Club Secretary. The Club's primary vulnerability is the general ledger and membership database. The distribution of member information must be kept to a minimum and requests for member lists must adhere to current California law and the Bylaws of the Apple Valley Gun Club. Member lists distributed to the Board of Directors must be designed and maintained in such a manner as to not compromise the privacy of the membership.

Data protocols and Standards:

Data protocols and standards are the responsibility of the Secretary to periodically review. The Secretary shall make recommendations to the Board of Directors concerning software standards for club projects. As a rule, software should be platform independent and should adhere to Open Source Data Standards.

2.3 WEBSITE ADMINISTRATION**Contract Website Host and Administration:**

The club website should be the primary means of disseminating news and calendars to the membership. The website shall also serve to advertise the club locally and provide information for potential new members. The website shall provide calendars, information on key contacts and events, PDF formatted applications and registration forms, as well as downloadable copies of the AVGC's governing documents. The website cannot suffice for notifications required to be delivered by U.S. Mail.

Social Networking Sites:

Social Networking sites and forums may be used to provide interactive forums for the membership and Board. Any site using the Apple Valley Gun Club logo and name must gain the approval of the Board of Directors prior to doing so. The Secretary shall supervise the creation and content of these sites. The Board of Directors should review and approve or disapprove of content for these sites.

2.4 ELECTRONIC COMMUNICATION**Website Content Control:**

The website shall be directly supervised by the Secretary and shall maintain appropriate content control in order to project a positive, professional and family-oriented theme to the public and the membership.

Website administrators and content reporters may have access to post on the site as appropriate, but the Secretary must maintain established standards by closely supervising the site. Content reporters shall provide their content to website administrators as determined by the Secretary.

Email Communication with Members:

Electronic mail may be used for routine communication with members. It does not replace the legal requirement to deliver certain documents such as ballots and election materials to the membership. Email is the preferred method of routine correspondence between Board members and members for routine matters. The Secretary shall control all bulk or mass emailing.

Email Communication as Business Correspondence:

Email may supplement physical meetings for routine business decision making and briefings of Board members, committee chairs and members on routine business issues. In cases where email relating to club business is the means of communication, addressees

must include any person who has a decision-making authority on that issue. For example, any issue requiring a Board vote must include all Board members as addressees. Issues including committee chairs or members of special committees must include those committee chairs. Issues referring to a specific member must include that member as an addressee. Any action decided by electronic means must be reported at the next Board meeting.

MEMBERSHIP MANAGEMENT

3.1 MEMBERSHIP

The Role of the Membership Committee:

The Membership Committee shall consist of the Secretary and Membership Liaison and as many members and associate members drawn from the membership as necessary to accomplish the assigned tasks. The Membership Committee shall assist the Secretary in the processing of new Probationary Member Applications; processing the conversion of Probationary Members to Members; assist with election materials and ballots; assist with membership renewals; produce and distribute the Newsletter and other publications for the membership; assist with membership drives and events; and assist the Secretary and Board of Directors in tasks intended to enhance the value of membership to the members of the Apple Valley Gun Club.

3.2 MEMBERSHIP APPLICATION PROCESS AND PROCEDURES

Qualification and Application for Membership:

Membership Applications consist of a two-page form, (See Appendix). The membership committee representatives shall confirm current membership in the National Rifle Association or California Rifle and Pistol Association as well as help document any acceptable formal firearms safety training the applicant may have. The applicant shall begin the process of being accepted first as a Probationary Member in the Apple Valley Gun Club, and then successfully completing the steps necessary to gain membership at the completion of the probationary requirements.

Preparing for Membership Meetings and Applicant Processing:

Applicants shall assemble at the sign-in table and present themselves and their application forms to the membership committee representatives. This shall begin at the commencement of the Board of Directors Meeting. By the time the Membership Meeting is Called to Order, the applicant should be seated in the Club Meeting Room and all applications should be in the hands of the membership committee representatives. Membership committee representatives shall then review the applications and supporting documents for completeness and accuracy and shall then pass them to the President for review.

NRA and CRPA Membership Recruiting:

The Membership Committee, acting under the direction of the Secretary, shall act as the official NRA and CRPA Recruiting agent for the Apple Valley Gun Club. The Membership

Committee shall be the exclusive agent of NRA and CRPA Membership recruiting on club property as it shall be the only NRA and CRPA Recruiting agent to act under the name of the Apple Valley Gun Club. All proceeds from NRA and CRPA Recruiting activities shall be transferred directly to the scholarship fund of the Apple Valley Gun Club. At no time shall any revenue from any NRA or CRPA Recruiting activity go to any individual when acting on club property or under the name of the Apple Valley Gun Club.

Opportunities to conduct formal recruiting activities for the NRA and CRPA include, but are not limited to:

1. Club Membership Renewal Day
2. Club Hosted Special Events (Women on Target, scheduled shoots, matches, and holiday events.
3. Public events where Apple Valley Gun Club participates in displays (Home Show, Gun Show, etc.)
4. Special NRA and CRPA recruiting events such as Junior Membership drives, Military Membership drives, and Life Membership drives.

3.3 PROCESSING PROCEDURES AT MEMBERSHIP MEETINGS

Role of the Secretary and Membership Committee:

Applicants will proceed to the membership table. Applicants will either present a completed application form to the Membership Committee members or they can obtain and complete an application form at that table. The Membership Committee, under the direction of the Secretary, shall collect and review the application form for completeness and accuracy. Applicants are then directed to the finance table to pay appropriate fees. All applications must be accompanied by proof of current membership in the National Rifle Association or California Rifle and Pistol Association.

Role of the Treasurer and Finance Committee:

Applicants will proceed from membership table to the finance table. Finance committee members, under the direction of the Treasurer, will receive appropriate fees for membership and prepare a probation card for the applicant. Probation cards are set aside until the membership meeting is adjourned.

All AVGC members are required to have current membership in either the NRA or the CRPA. Proof of membership is required at the time of application; a membership number must be provided for full membership at the completion of probation. Applicants will be able to join the NRA or the CRPA at the membership meeting.

Role of the President:

Near the end of the membership meeting the finance committee will provide the president with the new member application forms. As an order of new business, the president will call each applicant to come to the front of the room and introduce themselves to the membership. The president will call for the membership to accept the applicants with a “yay” or “nay” vote.

Role of the Applicant:

The applicant will turn in a completed application form and pay all appropriate fees which include initiation fees and prorated dues. The applicant will be called to present

themselves to the membership and speak briefly on why they wish to join the club. At that time the board may ask questions of the applicant. The membership will vote on the admission of all applicants at the end of introductions. Once voted into the club, the applicant will be a Probationary Member in the “probationary period” until the following requirements are met:

1. Proof of NRA or CRPA membership
2. Attend Orientation
3. Successfully complete Range Specific Training – Rifle
4. Successfully complete Range Specific Training – Pistol
5. Complete 4 hours of volunteer work (Associate Members are exempt)

“Probationary Period” shall be defined as one year for purposes of completing the 4-hour work requirement. Probationary members cannot buy out their initial 4-hour work requirements. Should the probationary member remain on probation longer than one year, the probationary member shall owe the original 4 hours plus the subsequent 6 hours for every year thereafter, or in the alternative, pay the work buyout fee. This encourages the probationary member to complete their probation, and not remain on probation indefinitely to avoid the work requirement. Probationary members are highly encouraged to complete probation requirements within one year from their acceptance to membership. New members will NOT be issued any club keys or codes until all probation requirements are completed.

Role of the Safety Committee Chair (Vice President) and New Member Requirements:

Once applicants are accepted by the membership the Chairman of the Safety Committee or their representative will brief applicants on the probationary requirements. The new members will be reminded to pick up their new member packets from the membership table.

New Member Packets

New member packets contain no less than:

1. Current gun club governing documents (By-laws, Policies and Procedures, and Range Safety Rules)
2. Most recent Newsletter
3. Current letter of introduction to the Apple Valley Gun Club
4. List of Gun Club events and current instructional classes
5. Other current information pertinent to AVGC
6. Suicide Prevention information from NSSF
7. Gun Safety Rules card
8. Free hat coupon
9. Patch, other club swag if available
10. Probationary membership card and card holder lanyard

3.4 PROBATION REQUIREMENTS

New Member Orientation:

All members are required to attend a club orientation. This is typically scheduled immediately following a range-wide work party day on the third Sunday of each month. Orientation begins in the Adobe clubhouse at 12:00 pm (noon). The president or their representative will welcome new members to the club. Members will be briefed on club sign-in procedures, guest registration, gate keypad use (without revealing the code), and club traffic patterns. Members will view a brief PowerPoint presentation on the gun club rules, policies, and amenities, including incident/close-call procedures. Members are then escorted to each individual range where the individual range chairman (or their representative) will brief members on that range's safety rules and amenities.

Probation access restrictions will be emphasized. Probation members may only use the range with a full member or if participating in an open event or class.

Range Specific Training:

All new members are required to attend Range Specific Training for the Big Bore (Rifle) range and the Pistol range. Training days will be announced at the membership meeting. Information is also available on the AVGC website and in the membership packets. If the member does not have a range specific firearm one will be provided. The member must provide new, factory ammunition.

Training begins in the Adobe clubhouse. Members meet for a briefing on the range safety rules. Members are advised on how to bring their guns and ammunition onto the range, safe gun handling rules and basic shooting skills training.

The class will then travel to the specific range where they will be advised of the amenities of that particular range, the significance of the range signage, the purpose of the red safety line, requirements when someone is down range, establishing a firing line, and how to properly set up a target. New members will shoot a designated string of fire to demonstrate safe gun handling. New members will be advised of AVGC range clean-up policy regarding spent brass barrels and the live ammo buckets. Instructors and new members will complete the AVGC Firearm Safety Form. Firearm Safety forms are turned into the secretary's office for filing.

At least one RSO will be present on the range while shooting is taking place.

The approximate length of this training will be two hours. If the probationary member does not possess the necessary safe gun handling skills or attitude, remedial training will need to be scheduled before the member can be signed off.

Trap, indoor, and archery ranges are exempt from this requirement due to the already established extensive orientation required to use those ranges.

Request for Special Probation Orientation Training:

In recognition that due to extraordinary factors in a Probationary AVGC member's life and work commitments they may not be able to attend a regularly scheduled training session or volunteer work party day, a member may request an alternate training or volunteer time. The member must contact the vice-president or the instructor of the particular training that they want to reschedule (instructor information may be found on the club website) and state the reason for requesting an exception. Efforts will be made to accommodate member and instructor schedules.

Membership Cards & Gate Code:

Once a probationary member has satisfied all the probationary requirements, membership cards and the gate code will be available for pick up at the next general membership meeting.

Membership Database Administration:

1. Data Entry Subsequent to Applicant Approval
2. Schema of the member record of the database
3. Verification of Personal Data, NRA or CRPA membership, mailing address and email and preferred phone number. Accepted Proof of Membership Status (NRA or CRPA card, List, or magazine mail label)
4. Communication Preference Options for Members
 - a. Website

3.5 MEMBERSHIP RENEWAL**Annual Membership Renewal Cycle:**

Notification of Renewal via Website and Newsletter:

Reminders of upcoming renewal requirements must be published early in the 4-quarter of the calendar year in order to disseminate the renewal forms and requirements effectively. Documentation for work accomplished will be the responsibility of each individual member. On the work card attached to the current year's membership card, each member shall have the Range Director or Committee Chair sign off at the time the work is completed. The work card will be returned to the club at year end along with the renewal form for the next year. Policy on Background Checks, Sexual Abuse Awareness training:

Purpose and Scope:

2. Scope: Applies every 2 years to all Board of Directors, Range Chairs, Directors of Junior Programs, Range Safety Officers participating in Junior Programs, and any other individuals regularly volunteering in events that consistently have minor participation where there could be an on-going relationship with potential for grooming. Requests for special consideration can be made to the Board (See appendix, Matrix for Background Checks).
3. Compliance: It is the responsibility of the member to stay current. If the member expires they will not be allowed to participate in their specific activity until compliance is gained.

Definitions:

1. **Commercial Background Check:** A background check completed by a commercial entity through a review of publicly available law enforcement, court, and other records as appropriate. A commercial background check typically, is based upon identifying information regarding the individual, but does not utilize fingerprints.
2. **Minor:** An individual under the age of 18.
3. **Permissive Background Check:** A commercial background check that is not required by law but is permitted at AVGC's discretion.
4. **San Bernardino County CCW:** This permit is given (and renewed biannually) by the San Bernardino County Sheriff's Department after completion of a detailed law enforcement background check.

Acquisition of Background Records

1. **Mandatory Background Checks:** Under state and federal law, institutions are required to obtain and review criminal background checks under the following circumstances:
 - a. Certain Programs Involving Minors. As of January 12, 2021, California mandates background checks of non-school associated activities for volunteers of youth sports and athletics.

Bus. & Prof. Code § 18900

A “community youth athletic program” must provide written notice to the parent or guardian of a youth participating in the program regarding the program’s policies relating to criminal background checks for volunteers and hired coaches in the program. If criminal background checks are obtained for hired or volunteer coaches, the written notice shall contain both of the following: (A) a statement regarding whether the criminal background check includes state and federal criminal history information and whether the program obtains subsequent arrest notification for those individuals and (B) contact information regarding where the parent or guardian of a child participating in a “community youth athletic program” can obtain additional information about the program’s background check policy, such as the entity providing the criminal background check or the nature of the type of offenses the program searched. Written notice is satisfied by a posting on the “community youth athletic program’s” website. A “community youth athletic program” is defined as an organization that: (A) has a primary purpose of the promotion or provision of athletic activities for youth under 18 years of age and (B) has adult employees who have supervisory or disciplinary power of children.

2. Permissive Background Checks: In addition to the circumstances under which AVGC must obtain and review a background check, described in section 1. above, AVGC also has the discretion to require background checks of other volunteers.

1. Volunteers in facilities and programs other than those for which background checks are mandatory, if the volunteer’s duties involve contact with minors.
2. Volunteers who have access to minors in AVGC’s activities and programs.

PROPER USE OF BACKGROUND CHECKS

1. The nature and extent of the volunteer’s past criminal activities;
2. The time elapsed since the activities took place; and
3. The nature, duties, and functions of the volunteer work.

2. Nondiscrimination. The use of background checks in AVGC’s volunteer decisions must be impartial, with no difference in their acquisition or use based on race, sex, religion, ethnicity, sexual orientation, gender identity, or other factors that might promote or imply discriminatory practice.

a. Even a neutral policy or practice regarding background checks that has the potential to have a disparate impact on a class of individuals must be:

1. Related to specific job duties, and
 2. Consistent with business necessity.
- b. No volunteer may be excluded from participation based upon generalized institution policies or practices regarding the use of background checks without an individual assessment that includes the factors described in this section.

3. Commercial Background Checks. If AVGC denies a volunteer based upon background check information provided by a commercial vendor, AVGC shall:

- a. Notify the volunteer, and
- b. Provide the volunteer with a copy of the report

4. San Bernardino County CCW permits will be accepted for fulfilling the background check requirement

Access will be granted and removed by the Secretary yearly at the Board of Directors Organizational Meeting in March where the old password will be retired, and a new password will be generated. Should an unsafe event be seen while remote range monitoring, the viewer may complete an incident report and notify the Vice President or President. See Video Copy Policy below.

Video Copy Policy

If any of the individuals permitted to remote range monitor see an incident, every attempt should be made to reach the individual directly to discuss the incident. If resolution cannot be reached, or there was unsportsmanlike conduct in the conversation, they may fill out an incident report. The incident report must contain the date, time, and range location. The incident report must be filed in one of the red boxes at the club, located in the trap classroom or at the adobe clubhouse. Next, the Vice-President must be notified of the report if placed in the red box, so that it may be retrieved timely. The Vice-President will retrieve the report and associated video of the incident if required. The Vice President will review the video and copy it to a removeable storage device, if not already saved. After the copy is made, the video is to be reviewed at the next Safety Committee meeting only by the meeting Chair, the voting members of the Safety Committee present, and the reporting secretary. Upon review, the Safety Committee will decide by consensus whether to hold a

separate, formal hearing. For a report to be considered, it must be signed. As currently configured, there is no audio capability.

Video Viewing Policy

Video monitoring and review is strictly for membership safety and club liability purposes. Videos may be viewed by members of the Safety Committee for the purpose of identifying individuals violating club policies and creating a safety threat to themselves or others. Videos of violations taking place shall never be shown to the general membership. It may be necessary, in some instances, to distribute a still photo only of a violator for the purposes of identification. Identification is necessary so that the safety issues may be addressed with the individuals involved.

Any decision involving the distribution of still photos shall be determined by the Safety Committee after careful review and discussion, and only after all other options have been exhausted.

4.5 RANGE MANAGEMENT

Range Committees Mission and Composition

Each Range at Apple Valley Gun Club shall have a Chair who shall be approved by the Board of Directors. The Chairs and/or alternate of each range committee shall also serve on the Range Safety Committee, however the alternate shall have no vote unless in the absence of the Chair.

Range Chairs and the composition of the range committees shall be as the Board of Directors authorizes. Range Chairs and alternates are appointed by the Board of Directors. Members of the range committees are nominated by the range chairs and approved by the Board of Directors. Range Chair and Committee assignments shall be reviewed and approved each March by the newly formed Board of Directors, and at other times as determined by the President.

Range Chairs are the first level of management for each range, provide the on-site supervision of range facilities and property, plan for routine maintenance, coordinate with the Facilities Manager and Building and Grounds Committee for maintenance days, material requirements and contracting and purchasing.

Range Committee Chairs and their alternates acting in their stead shall have direct access to the Board of Directors and the Executive Committee of the Board of Directors in all matters affecting their range. They shall act as the principal advocate for their facility as well as the primary point of contact for any matter or request affecting their range. They shall be consulted concerning competitive, recreational, and educational events on their ranges, and shall develop programs and events to advance the marksmanship skills of members using their ranges. They shall provide range safety and orientation briefs at Club Orientations for new members and at events where the public or others unfamiliar with our facilities are involved. regulations and guidelines and keep the Club Range Regulations current with any changes to those regulations.

4.6 RESERVATION AND SCHEDULING OF RANGES AND FACILITIES

Standard range fees apply unless otherwise approved by the Board of Directors. Event Income Report form must be submitted regardless of participation to include cancellation.

The Apple Valley Gun Club (AVGC) provides not-for-profit educational courses consistent with its mission. In general terms, "mission" means a strongly felt aim, ambition, or calling. It defines the basic reason for an organization's existence. Not only does it describe the organization's core competencies and goals, but it also identifies the organization's guiding principles and values. The mission of the AVGC, as described in the Bylaws, is to encourage and teach organized shooting among members and the community with a view toward increasing knowledge of the safe handling, use and care of firearms as well as improving marksmanship and developing traits of honesty, good fellowship, self-discipline, team play and self-reliance essential to good sportsmanship. It is also to promote and teach safety and sportsmanship in connection with the use of firearms and archery. This specific mission has created a public image and distinguishes the AVGC from its peers. Non-profits are organized and operated to benefit some greater good. As with any non-profit, there is a balance between margin and mission. They must remain profitable in order to carry out their mission, and therefore the AVGC finds itself in competition for profits with a variety of outside players for these resources. For-profit entities, whose main goal is profit maximization, create commercial activity that draws attention away from the AVGC's chief goals. As such, it is the policy of the AVGC to not allow for-profit entities to provide education courses of any kind, nature or description which competes directly or indirectly with the courses offered by AVGC, without express written consent and approval by the Board of Directors.

Special Event Chairpersons and Committees

Special Event Chairperson, Vice Chairs and committee members shall be appointed by the Board of Directors at such time that an Event is approved. The Special Event Committee is an execution committee, not the facilitation committee. Special Event Committees shall use the standard checklist for planning and execution contained below under Special Events and Event Planning and Execution.

Special Events and Event Planning and Execution

Virtually all activities conducted on the club premises that are not recurring / posted on the monthly calendars qualify as special events and must adhere to this policy.

A written request stating all the details of the proposed event will be submitted to the board for review and approval using the Event Request Form. (See Appendix)

The written request will contain, as a minimum:

1. The name of the organization that is proposing the event.
2. The proposed date of the event.
3. The start time and the complete time of the event.
4. The estimated number of attendees.
5. The scope and the purpose of the event.
6. The exact ranges / facilities of the AVGC that will be utilized. This will be in the form of a written impact statement included in the request.
7. The name of the key contact person.
8. The names of the person / persons that will be on hand at the event and be orchestrating / directing the event.
9. A complete and thorough list of club support that is being requested. This is to be very detailed to even include the time that a lock is to be opened and closed or access to a building be provided. This also would include any consumables such as targets etc.
10. A copy of the required insurance policies of liability naming the Apple Valley Gun Club as an additional insured. Proof of insurance must be received by Apple Valley Gun Club no later than 7 days prior to the event. The Liability Certificate of Insurance will have minimum limits of \$1,000,000 per occurrence/\$2,000,000 aggregate.

A responsible person that is authorized to answer questions and make decisions regarding the details of the proposed event must appear before the board. The written proposal will be provided to the board a minimum of 7 days before a Board Meeting. The AVGC Board of Directors shall make their decision based upon the benefit to the membership. The gain to the community and to the club will be weighed in the decision-making process. The Board of Directors shall establish the fees that will be charged if appropriate.

If the Board feels they need to have more time, and in fact delays their decision as stated above, they should provide a timely decision, so that any necessary planning can proceed.

After a decision is made, the Board of Directors will take the appropriate action to ensure adequate support is provided as needed by the AVGC. If support is required, those personnel that will be involved will be notified as soon as is practicable.

There will be at a minimum of one planning meeting conducted so that support personnel will have a clear understanding of their responsibilities.

The Board of Directors should task the Requesting Party to provide a Critique of the success of the event. This critique should be in writing and include what the AVGC needs to do to help improve any event in the future.

Standard range fees apply unless otherwise approved by the Board of Directors. Event Income Report form must be submitted regardless of participation to include cancellation.

Housekeeping which is done by volunteer labor with no expenditure of club funds requires no approval.

Repairs

This is such things as repair/replacement of light fixtures, faucet repair kits, toilet valves, broken windows, minor painting, water leaks, etc. which will have a cost of less than \$200.00 that must have the approval of the Range Chairman of that range or of the Facilities Manager if it is a “common area” of the club. The Range Chairman/Facilities Manager has the sole authority for this approval and does not involve/require Board approval.

Any major repair/expenditure that exceeds \$300.00 but is less than \$1,000.00 must have the approval of the Board of Directors. This must be presented with the knowledge and approval of the Range Chairman or Facilities Manager whichever is appropriate and is determined by the area of the facility that is affected.

Any major repair/expenditure, excluding emergency expenditures, that exceeds \$1,000.00 must have the approval of the Club membership.

Routinely, if expenditure exceeds \$1,000.00 it will require bids from three qualified contractors. If, in the opinion of the Board of Directors a single quote is attractive and meets all other criteria then the Board can forgo the additional quotes. This option will by no means be considered standard policy. Approvals must conform to the \$1,000.00 threshold limits as set forth in the Bylaws of the Apple Valley Gun Club.

2. The Facilities Manager will have the responsibility for following these procedures for all items considered to be in "common areas".
3. The Range Chairman/Facilities Manager will be responsible to record names of members that have been issued keys to the security devices. Those keys will contain a serial number that is traceable back to the person to whom it was issued.
4. Keys will not be loaned to anyone by the responsible key holder.
5. Keys will not be reproduced or copied.
6. Lost / replacement keys will be issued at a cost of \$5.00 per key to the member.
7. Locks will not be changed without first notifying the members that have been issued keys. This will preclude the members from being locked out of the facilities that they own.
8. Prior to any lock being changed, the Range Chairman will present a plan of notification as well as justification to the Board of Directors and request a vote. No lock change will be made without a consensus approval of the Board of Directors.
9. If anyone observes a security breach, they will make a report to the Board of Directors within 4 hours.

If a security breach is observed, the Range Chairman / Facilities Manager will take whatever steps are necessary to compile a list of what has been taken as accurately as they possibly can. This will be called an "After Action Report" and will be made available to the Board of Directors. Action will also be taken to secure the building, room, or structure that has been compromised. The report will include date and time of discovery.

If any of the programs are participating in a match/event off-site, the Director of that program will coordinate with one of the Club's FFLs to sign the firearm(s) out and back in. No firearm(s) will be taken off the property at any time unless authorized by one of the Club's FFLs

SAFETY AND CONDUCT

7.1 CONDUCT OBJECTIVES OF ELECTED AND APPOINTED OFFICERS AND REPRESENTATIVES OF THE CLUB

Vision and Leadership

The ability to see the big picture, and to help create and, if necessary, re-set strategy and policy to help the organization achieve its mission. Positive, informed leadership is a requirement for successful service on the Board and Committees and is an objective of all members of the Apple Valley Gun Club.

Advocacy, Stewardship and Integrity

The ability to serve and promote the interests and goals of the organization without forgetting the interests of the public and the organization's intended beneficiaries.

Knowledge

The willingness to become thoroughly familiar with the mission and how the organization actually carries out the mission day-to-day through its organizational structure and operations.

Personal Commitment and Diligence

The willingness to take the necessary time and make the necessary effort to fulfill membership and leadership responsibilities, including understanding strategic, financial and operational issues facing the organization, asking questions and following up as needed, engaging personally with the organization, whether through financial support, advocacy, networking, personal service, or other personal support activities, and staying

current on sound governance principles and working to apply them to the organization.

Sportsmanship and Collegiality

The ability to work well with others and to show respect for the ideas and views of fellow board, committee and Club members and staff; the understanding that this Club is a Corporation, all members are equal stockholders, and we operate as a team. Sportsmanship is defined in Section 7.2.

7.2 SPORTSMANSHIP & ETHICAL CONDUCT

Sportsmanship

Sports-man-ship\ n \: conduct becoming to a sportsman (as fairness, courteous relations, and graceful acceptance of results). Further; Sportsmanship is a set of behaviors to be exhibited by athletes, coaches, game officials, administrators and fans in athletics competition. These behaviors are based on values, especially respect and integrity.

Ethical Conduct

Eth-i-cal\ adj.\: 1: of or relating to ethics. 2: conforming to accepted esp. professional standards of conduct. Ethical conduct is a set of guiding principles with which each person follows the letter and spirit of the rules. Such conduct reflects a higher standard than law because it includes, among other principles, fundamental values that define sportsmanship.

Apple Valley Gun Club is committed to providing a safe environment for all its members free from sexual harassment. Sexual Harassment Prevention Training must be completed every 2 years for AVGC leadership positions. See Matrix in Appendix for personnel requirements. AVGC will operate a zero-tolerance policy for any form of sexual harassment, treat all incidents seriously, and promptly investigate all allegations of sexual harassment. Any person found to have sexually harassed another will face disciplinary action, up to and including dismissal from the Club. All complaints of sexual harassment will be taken seriously and treated with respect and in confidence. No one will be victimized for making such a complaint. Additionally, reference Apple Valley Gun Club's full EEO Policy in the Appendix.

Sportsmanship and ethics as pertain specifically to the AVGC is further defined below. This is certainly not intended to be a complete list, only some of the important items that are intended to establish a behavior:

Members Responsibility

All members shall:

- Always be considerate of others.
- Always be courteous to others.
- When observing others having difficulty, offer help.
- Treat others like you would like to be treated.
- Always respect others' ideas / opinions.
- Do not make a public display of your disappointing performances.

- Do not make excuses for your losses.
- Always congratulate the winners – do so promptly and with genuine sincerity.
- Be a “good winner” as well as a “good loser”.
- Always follow the rules of the sport.
- Always respect the judgment of officials.
- Avoid bragging about your accomplishments.
- Do not humiliate opponents.
- Share your knowledge with others but present the information in such a manner that it will not be perceived as a “put down” to the recipient.
- Test your behavior, by asking if you would expect / accept the same behavior from your child—if not, then it is likely inappropriate behavior of you as well.
- Show genuine appreciation to those that have offered to or in fact have helped you.
- When scheduled for an event, always show up on time so as not to cause inconvenience/delays for others.
- When leaving an event, do not leave early thereby avoiding cleanup.
- Do nothing that would cause any distraction when others are shooting / competing, to include talking to others.
- Be willing to clean and organize the area after you have participated.
- Share your sport with others and be proud of your accomplishment when you have successfully brought someone new to the shooting fraternity.

Sportsmanship typically is regarded as a component of morality in sport, composed of three related and perhaps overlapping concepts: fair play, sportsmanship and character. Fair play refers to all participants having an equitable chance to pursue victory and acting toward others in an honest, straightforward, firm, and dignified manner even when others do not play fairly. It includes respect for others including team members, opponents and officials. Character refers to dispositions, values and habits that determine the way that person normally responds to desires, fears, challenges, opportunities, failures and successes and is typically seen in polite behaviors towards others such as helping an opponent up or shaking hands after a match. An individual is believed to have a “good character” when those dispositions and habits reflect core ethical values.

7.3 SPORTSMANSHIP AND CONDUCT POLICY IMPLEMENTATION

Signing-In for Event

Signing in prior to any activity on the range is required per the Range Safety Regulations and is necessary to comply with insurance requirements. Signing in prior to any activity is of such importance to the Club that any member or guest identified as not having signed in (including waiver form in the case of a guest) prior to participating in any activity, will be required to leave the range for the rest of the day. If the violator is not compliant, a board member shall be called for immediate action and, an incident report shall be completed by the witnessing member and sent to the Board for formal action.

AVGC is committed to making every reasonable effort to accommodate access for adaptive shooters. Members in wheelchairs or with extreme difficulty entering or exiting their

vehicles may fulfill their signing in requirement by notifying the club secretary of their destination range(s) prior to their arrival via phone call, text or email.

Procedures for Observed Rules Violations

It is important that all members recognize that everyone has a responsibility to enforce AVGC Safety rules as well as Policies and Procedures. The following information is to provide a guideline for members that observe a rule violation or safety hazard and a suggested way to resolve such violations. If you observe an action that you consider a rule violation, you should approach the individual, introduce yourself, show your own AVGC membership card and question if the other party/parties are a club member. Then ask if the person that you are addressing would mind showing you their membership card.

At this point you can verify that their membership is current, and you now have a name in the event that the other party is non-responsive, and the matter requires further action.

1. Next, point out that you observed what the AVGC considers a violation of Rules or Policies/Procedures. Then inform the individual of the correct way for them to conduct themselves/their actions in order to be compliant with the Club Policy/Procedure that they violated.
2. If the violation was what you consider minor in nature and you do not believe any further action is necessary, inform the individual/individuals that you really appreciate their response, their cooperation and their attitude.
3. If you feel that the violation is significant and warrants further action or if the person/persons that you are addressing have not responded well then inform that you are required to provide a written report to the Vice President for Safety Committee using the Incident and Close Call Report Form.
4. This must all be done in a calm and non-threatening manner so that you are not responsible for any escalation that might result from your confronting the problem.

7.4 PROCEDURES FOR INQUIRIES AND MEMBER DISCIPLINE

Incident and Close Call Reports

The Incident and Close Call Report Form (See Appendix) is to be used by any member when observed violation(s) cannot be resolved on the spot. As soon as possible after the Incident or Close Call occurs, the report shall be completed by a single author and contain all infraction(s), along with a telephonic or email notification to one or all of the following individuals: Club President, Club Vice President, and/or AVGC's CRSO. Each range is equipped with copies of the Incident and Close Call Report Form. The completed form shall be deposited in one of the drop boxes located in the Adobe Clubhouse and in the Trap Club House, or emailed directly to the Vice President.

Both incidents and close calls are to be reported. An incident is any accident where injury or property damage has occurred. A close call is any unsafe situation or hazard that has a potential for injury or property damage to have occurred, but no actual injury or property damage has occurred.

Following review of the submitted report to the Vice President, it will be taken to the Safety Committee for review. The Safety Committee will determine if any further action is necessary, including if the report necessitates a phone call, or if a safety hearing is necessary. If a hearing is deemed necessary, the Vice President will notify all parties involved and set an appropriate time for the safety hearing. The Vice President shall advise the accused of their rights to provide evidence or witnesses in rebuttal. If a single incident report lists more than one offender, each member will be afforded an individual hearing. The Vice President will offer to provide the report and set a time to view the video with the accused prior to the hearing.

Conduct of Hearings

The Safety Committee, under the Board of Directors, will take responsibility for reviewing each case individually and decide on what action should be taken. Present at the hearing shall only be the Chair of the Safety Committee, the voting members of the Safety Committee present, the recording secretary, the author of the report, and the accused member. Witnesses may be called into the room as needed. Persons accused shall have the right to examine evidence, witnesses presented, and shall have the right to hear all findings, and present a rebuttal. Subsequently, the hearing will be closed, the accused and the author excused, and deliberations shall commence with only the voting members of the Safety Committee present, the Chair of the Safety Committee, and the recording secretary. Once a decision has been reached, the accused member and author of the report will be invited back into the hearing and informed of the Safety Committee decision. If the accused member or the author of the report do not agree with the Safety Committee's recommendation, then either can appeal to the Board. The Board, in closed session, can:

1. Choose to hear the appeal and uphold the Safety Committee decision;
2. Choose to hear the appeal and;
 - a. Take no action and the decision stands
 - b. Change the decision
3. The decision of the Board is final and not subject to appeal

In matters involving proprietary or pending legal matters, the meetings may be restricted to the Executive Board of Directors or Board of Directors.

Actions by the Safety Committee and Board of Directors

The Safety Committee, under the Board of Directors, may impose suspensions of privileges, letters of caution, and letters of censure and may suspend or revoke memberships for violations of the AVGC Policy on Sportsmanship and Conduct Policy. The Safety Committee shall adhere to a THREE STRIKES POLICY as follows:

1. First Incident Report: Strike 1-Letter of Caution;
2. Second Incident Report: Strike 2-May result in suspension of privileges;
3. Third Incident Report: Strike 3-Will result in termination of membership.

Issuance of more than one strike per Incident Report requires Board approval. In extraordinary circumstances, the Board of Directors reserves the exclusive right to impose additional strikes up to and including expulsion.

Each strike shall expire in 2 years. Accumulation of 3 unexpired strikes will result in expulsion. Any expired strike will be dropped from the record but remain in the file of the offending member. At all times, California Corporations Code for Mutual Benefits Corporations shall dictate the conduct of proceedings and shall guide the board in all actions. Members shall have the right to present their case, witnesses and evidence, and shall have the right to confront accusers, evidence and present a defense.

Sanctions Imposed for Member Misconduct

California Corporations Code for Mutual Benefits Corporations governs the sanctions that any corporation may impose on a member, specifically, Sections 7341.

As such, the Apple Valley Gun Club, as a Mutual Benefit Corporation chartered in the State of California, shall abide by the current section as referenced above. Sanctions imposed for member misconduct focus on suspension, restriction, and termination of membership in the Apple Valley Gun Club.

APPLE VALLEY GUN CLUB MEMBERSHIP WAIVER AND RELEASE OF LIABILITY, ASSUMPTION OF RISK, PHOTO RELEASE, AND INDEMNITY AGREEMENT

In consideration for allowing me access to the Apple Valley Gun Club, (hereinafter called the "Club"), Range located at 16699 Stoddard Wells Road, Victorville, CA. and any other affiliated range or property on which the Club activities occur, (collectively the "Premises"), and to participate as a member of the Club in self-administered or instructor-administered live ammunition firearms and archery activities, I, for myself, my legal representatives, successors, heirs, and next of kin:

HEREBY ACKNOWLEDGE that firearms, firearm ammunition, and archery may be hazardous in nature and may cause substantial injury to persons and property. I recognize the inherent dangers associated with shooting and archery, including, but not limited to: loud noise, flying or rebounding bullets and fragments, smoke, dust, exposure to lead, uneven surfaces, flying arrows, and similar issues. Moreover, I recognize that exposure to such environments can result in personal injury, loss of hearing, loss of eyesight, and other health hazards up to and including death. I also understand that others will be using the Premises and I will be aware of their actions whenever I am on the Premises. I also acknowledge the presence of signs posted under Proposition 65 warning of hazards to exposure to chemicals known to cause cancer by the State of California, such chemicals including, but not limited to, lead, and that I have been given the opportunity to ask for and receive a list of all such known cancer-causing chemicals on the Premises. With these facts in mind, I VOLUNTARILY ASSUME ALL RISK OF INJURY to my person and property, and WAIVE the right to bring any and all claims against the Club, or its officers, directors, members, employees, agents, administrators, successors, and assigns, (hereinafter collectively the "Related Parties"), from all claims, demands, and causes of action, foreseen and unforeseen, relating to or arising out of death, personal injuries, sickness, damages to property or property rights, and every other loss and expense arising out of or in any way connected with my participation in firearm and/or archery activities on or appurtenant to the Premises. I will not take any legal action contrary to this RELEASE OF LIABILITY. I further WAIVE for myself and for my executors, legal representatives, successors, heirs, and next of kin, any and all rights and claims for damages, losses, demands and any other actions or claims whatsoever, which he/she may have or which may arise against the Club and any of the Related Parties, which may in any way whatsoever, arise out of, be related to, or be connected with any course of instruction offered on the Premises. I, on behalf of myself and on behalf of my executors, personal representatives, administrators, assignees, heirs and next of kin, hereby EXPRESSLY RELEASE the Club and all of the Related Parties from any and all such claims and liability. I EXPRESSLY ASSUME THE RISK of taking part in activities on the Premises, which include, but are not limited to, instruction in the use of firearms and archery, the discharge of firearms, and the firing of live ammunition, and the releasing of arrows. I acknowledge that I understand that firearms and archery are inherently dangerous and, as such, any injuries or accidents that occur while I am on the Premises, or while engaged in range or firearms and/or archery training activities, whether due to weapons malfunction, or due to my negligence or mishandling, are not the responsibility of the Club or any of the Related Parties. I also acknowledge that the Premises is kept as natural as the shooting activities allow, and that wildlife may pose additional hazards, which include, but are not limited to, poisonous plants, ticks, poisonous snakes, and other wild animals. I understand that I must use caution accordingly and EXPRESSLY ASSUME THE RISK of encounters with these elements of nature while using the Premises. I HEREBY GRANT to the Club permission to use my image and/or appearance as such may be embodied in any photos, video recordings, and/or digital images, taken or made on behalf of the Club. I agree that the Club has complete ownership of such material and can use said material for any purpose consistent with the Club's mission, including any promotional or educational material in any medium. I acknowledge that I will not receive any compensation for the use of such images, etc. I hereby release the Club of any and all claims arising out of the use of my image. This release shall be binding upon me and is being entered into under the laws of the State of California. I acknowledge that neither the Club nor any of the Related Parties accepts or assumes any liability or responsibility for any acts or omissions that are purportedly the result of my engaging in activities for which I have expressly assumed the foreseeable risk of danger in such activity.

I certify that I may lawfully own and operate firearms within the State of California and that I am not disqualified from possessing firearms by operation of California or Federal Law. I acknowledge that but for my agreeing to the terms of this waiver, release of liability, assumption of risk, and indemnity agreement, the Club would not provide me access to the Premises or to the benefits of membership, and I therefore have agreed to the terms and obligations of this agreement in order to gain access to the Premises as well as gain access to the benefits of membership. Apple Valley Gun Club Firearms Safety Form

Proof of Safe Handling of Firearms and Range Procedures

Apple Valley Gun Club members are required to submit proof or documentation that they are familiar with safe gun handling practices and basic range procedures. Individuals who previously received instruction and successfully completed range firing through military or police training, participation in a competition or clinic, completion of a hunter safety course or other similar activities have fulfilled this requirement. If a clinic or other qualifying activity is not available in your area, you may fulfill this requirement by taking a firearm of your choice to a rifle, pistol, air gun or shotgun range where you must fire a minimum of 50 rounds while demonstrating familiarity with the gun safety and range procedures identified in this form. A club RSO or law enforcement officer must witness your firing by signing this form to affirm that your firing was done safely and conformed to these standards. The type of firing is optional; there are no prescribed courses of fire or required scores.

1ST STEP: SHOOTER MUST BE ABLE TO STATE THE NRA'S 3 RULES FOR SAFE GUN HANDLING

Name:				Date		
Make		Model		Action type		Caliber or gauge
SAFE GUN HANDLING						COMPLETION
Muzzle Control. The first rule of gun safety is to always keep the gun muzzle pointed in a safe direction. When a gun is carried, it must never be pointed at another person or at anything that would cause unintended harm. On a shooting range, it is required that the muzzle be pointed down range or up, but never at anything behind the firing line.						
Actions Open. When a gun is handled in any way or taken onto a range, the action must be opened and remain open until the gun is on the firing line and actual firing is authorized. As soon as firing is complete the action must be opened and the gun unloaded.						
Trigger Contact. The only time a shooter's trigger finger should be placed inside the trigger guard to contact the trigger is when the gun is on the firing line and actual firing is authorized. Even after loading a gun on the firing line, the index finger must not be placed inside the trigger guard until after the gun is shouldered or raised to approach the target.						
FIREARM FAMILIARITY						COMPLETION
Action Operation. Every shooter must know how to open and close the action of the gun being used. Shooters must be able to do this with and without cartridges loaded in the gun.						
Magazine Operation. If the gun has a magazine, the shooter must know how to load and unload the magazine and how to insert and remove it from the gun.						
Loading/Unloading. Every shooter must know how to properly load and unload his/her rifle before attempting to fire it.						
Unloaded Gun. Whenever a gun is handled or carried on a shooting range, it must be unloaded. An unloaded gun is one where no cartridge is in the chamber or magazine and any removable magazine is removed and carried separate from the gun.						

Revised 04/18/2017 DLR

RANGE PROCEDURES	COMPLETION
Range Rules. Most ranges have safety rules and other special rules for that range posted on the range. Before firing on the range, it is important to read those rules to be sure that each safety rule for that range is followed during your visit to the range.	
Sign-Up--Firing Point Assignment. Before firing on most ranges, it is necessary to register or sign in. A firing point or target assignment may be given then or by a range officer on the firing line.	
Target Assignment Handling Procedures. Before firing a rifle or pistol, it is usually necessary to go downrange to place a target on a target holder. This procedure may be controlled by a range officer or the shooters on the firing line may coordinate among themselves to assure safety while this is done. No one may go downrange until all firing on the line has ceased and all guns are open, unloaded and grounded/benched or placed in a rack.	
Authorized Firing. No firing may be done until everyone on the range is back behind the firing line. If a range officer is present, he/she will give the commands to load and start firing. If a range officer is not present, the shooters on the line must coordinate among themselves to determine that it is safe to fire and that the line can "go hot."	
Completion of Firing. When a shooter finishes firing a series of shots, the action must be opened, any remaining cartridges removed from the breech or magazine and any removable magazine removed from the gun. If a range officer is present, the range officer should check the gun before it is grounded or removed from the range. The gun must then be benched/grounded or placed in a rack. When firing is complete for the day, the gun may be replaced in a gun case and removed from the firing line.	
RANGE FIRING ACTIVITY	COMPLETION
Shooting Position. The basic rifle shooting positions include supported or bench rest, standing, prone, kneeling and sitting. Basic pistol positions include supported or bench rest, standing two-handed and standing one-handed. Shotguns are fired only while standing if trap, skeet or sporting clays shooting is done. Every shooter must demonstrate the ability to properly and safely hold the gun in one or more of the shooting positions.	
Gun Loading. To safely fire a gun, it is necessary to be able to load and unload the gun. This must be done while keeping the gun muzzle pointed downrange at all times.	
Range Firing. Firing a rifle requires a knowledge of how to aim the gun at the target, stop breathing while aiming and smoothly release the trigger. When firing on the range, it is recommended that shooters fire in series or five or ten shots, while taking enough time with each shot to fire it as accurately as possible. After all, the challenge of marksmanship is hitting the target, not just firing the shot.	
Sight Adjustment. Shooters normally fire a series of rifle or pistol shots that form a group on the target. Shooters then need to know how to adjust the sights on their gun so that shot groups will form in the center of the target. Firing centered shot groups is not required for the completion of this requirement, but shooters should demonstrate a knowledge of how the sights on rifles and pistols can be adjusted.	
Range Firing Certification <i>(To be completed by a club or range official or by a law enforcement officer.)</i> I certify that I witnessed the range firing completed by the above-named individual and that he/she safely completed firing a minimum of 50 rounds while fulfilling the gun safety, firearms familiarity, range procedures and safe range firing requirement identified in this document.

Policy: Discrimination, Harassment, and Retaliation Prevention Policy

POLICY

Apple Valley Gun Club is committed to providing a professional work environment free from discrimination and harassment, including discrimination and harassment based on a protected category, and an environment free from retaliation for participating in any protected activity covered by this policy. Apple Valley Gun Club is committed to providing equal employment/volunteer opportunities to all employees/volunteers and applicants for employment. Accordingly, we have adopted and maintain this anti-discrimination policy designed to encourage professional and respectful behavior and prevent discriminatory and harassing conduct in our workplace. We will implement appropriate corrective action(s), up to and including formal discipline, in response to misconduct--including violations of Apple Valley Gun Club's anti-discrimination policy--even if the violation does not rise to the level of unlawful conduct.

Apple Valley Gun Club prohibits discrimination or harassment based on the following categories: race, color, religion, religious creed (including religious dress and grooming practices), national origin, ancestry, citizenship, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding, or related medical conditions), gender, gender identity, gender expression, age (40 years and over), sexual orientation, veteran and/or military status, protected medical leaves (requesting or approved for leave under the Family and Medical Leave Act or the California Family Rights Act), domestic violence victim status, political affiliation, and any other status protected by state or federal law. In addition, Apple Valley Gun Club prohibits retaliation against a person who engages in activities protected under this policy. Reporting, or assisting in reporting, suspected violations of this policy and cooperating in investigations or proceedings arising out of a violation of this policy are protected activities under this policy.

All employees/volunteers are expected to assume responsibility for maintaining a work environment that is free from discrimination, harassment and retaliation. Employees/volunteers are encouraged to promptly report conduct that they believe violates this policy so that we have an opportunity to address and resolve any concerns. Managers and supervisors are required to promptly report conduct that they believe violates this policy. We are committed to responding to alleged violations of this policy in a timely and fair manner and to taking appropriate action aimed at ending the prohibited conduct.

Apple Valley Gun Club recognizes and supports the obligation to reasonably accommodate employees/volunteers with disabilities or religious beliefs or practices in order to allow

those employees to perform the essential functions of their jobs. If an employee/volunteer believes they need a reasonable accommodation based on disability or a religious belief or practice, the employee should discuss the matter with their supervisor or Apple Valley Gun Club's EEO Officer.

Scope of Protection

This policy applies to Apple Valley Gun Club applicants and employees/volunteers (co-workers, supervisors and managers). As used in this policy, the term "employee" includes contractors and volunteers in our workplace. In addition, this policy extends to conduct with a connection to an employee's work, even when the conduct takes place away from Apple Valley Gun Club's premises, such as a business trip or business-related social function.

Applicant/Employee Rights

- The right to a discrimination, harassment, and retaliation-free work environment.
- The right to file a complaint of discrimination, harassment, or retaliation.
- Employees/volunteers are encouraged to report inappropriate conduct immediately and, whenever possible, to put the complaint or concern in writing.
- The right to a full, impartial and prompt investigation by an Apple Valley Gun Club representative or designee into allegations of conduct that would violate this policy.
- The right to be timely informed of appropriate information related to the outcome of an investigation either as a complainant or a respondent in the investigation.
- The right to be represented by a person of the complainant's choosing at each and all steps of the complaint process.
- The right to be free from retaliation or reprisal after filing a complaint or participating in the complaint process.
- The right to file a complaint directly with the California Department of Fair Employment and Housing, the federal Equal Employment Opportunity Commission or other appropriate state or federal agencies, or to file a civil action in the appropriate court.

CONDUCT PROHIBITED BY THIS POLICY / DEFINITIONS

Discrimination:

As used in this policy, discrimination is defined as the unequal treatment of an employee or applicant in any aspect of employment, including discrimination based solely or in part on the employee's, volunteer's or applicant's, protected category. Protected categories include: race, color, religion, religious creed (including religious dress and grooming practices),

national origin, ancestry, citizenship, physical or mental disability, medical condition (including cancer and genetic characteristics), genetic information, marital status, sex (including pregnancy, childbirth, breastfeeding, or related medical conditions), gender, gender identity, gender expression, age (40 years and over), sexual orientation, veteran and/or military status, protected medical leaves (requesting or approved for leave under the Family and Medical Leave Act or the California Family Rights Act), domestic violence victim status, political affiliation, and any other status protected by state or federal law. Discrimination includes unequal treatment based upon the employee or applicant's association with a member of these protected classes.

Discrimination may include, but is not necessarily limited to: hostile or demeaning behavior towards applicants or employees because of their protected category; allowing the applicant's or employee's protected category to be a factor in hiring, promotion, compensation or other employment related decisions unless otherwise permitted by applicable law (For example veterans' preference as permitted under Government Code 18973.1), and providing unwarranted assistance or withholding work-related assistance, cooperation, and/or information to applicants or employees because of their protected category.

Harassment:

As used in this policy, harassment is defined as disrespectful or unprofessional conduct, including disrespectful or unprofessional conduct based on any of the protected categories listed above. Harassment can be verbal (such as slurs, jokes, insults, epithets, gestures, or teasing), visual (such as the posting or distribution of offensive posters, symbols, cartoons, drawings, computer displays, or emails), or physical conduct (such as physically threatening another person, blocking someone's way, making physical contact in an unwelcome manner, etc.).

Sexual Harassment:

As used in this policy sexual harassment is defined as harassment based on sex or conduct of a sexual nature, and includes harassment based on sex (including pregnancy, childbirth, breastfeeding, or related medical conditions), gender, gender identity or gender expression. It may include all of the actions described above as harassment, as well as other unwelcome sex-based conduct, such as unwelcome or unsolicited sexual advances, requests for sexual favors, conversations regarding sexual activities, or other verbal or physical conduct of a sexual nature. Sexually harassing conduct need not be motivated by sexual desire and may include situations that began as reciprocal relationships, but that later cease to be reciprocal.

Sexual harassment is generally categorized into two types:

1. Quid Pro Quo Sexual Harassment ("this for that")

Submission to sexual conduct is made explicitly or implicitly a term or condition of an individual's employment.

- Submission to or rejection of the conduct by an employee is used as the basis for employment decisions affecting the employee.

2. Hostile Work Environment Sexual Harassment

Conduct of a sexual nature or on the basis of sex by any person in the workplace that unreasonably interferes with an employee's work performance and/or creates an intimidating, hostile or otherwise offensive working environment. Examples include:

- Unwelcome sexual advances, flirtation, teasing, sexually suggestive or obscene letters, invitations, notes, emails, voicemails or gifts.
- Sex, gender or sexual orientation-related comments, slurs, jokes, remarks or epithets.
- Leering, obscene or vulgar gestures or making sexual gestures.
- Displaying or distributing sexually suggestive or derogatory objects, pictures, cartoons, or posters or any such items.
- Impeding or blocking movement, unwelcome touching or assaulting others.
- Any sexual advances that are unwelcome as well as reprisals or threats after a negative response to sexual advances.
- Conduct or comments consistently targeted at one gender, even if the content is not sexual.

Retaliation:

As used in this policy retaliation is defined as any adverse employment action taken against an employee/volunteer because the employee/volunteer engaged in activity protected under this policy. Protected activities may include, but are not limited to, reporting or assisting in reporting suspected violations of this policy and/or cooperating in investigations or proceedings arising out of a violation of this policy.

Adverse employment action is conduct or an action that materially affects the terms and conditions of the employee's employment status or is reasonably likely to deter the employee from engaging in protected activity. Even actions that do not result in a direct loss of compensation may be regarded as an adverse employment action when considered in the totality of the circumstances.

Examples of retaliation under this policy include but are not limited to: demotion; suspension; reduction in pay; denial of a merit salary increase; failure to hire or consider

for hire; refusing to promote or consider for promotion because of reporting a violation of this policy; harassing another employee/volunteer for filing a complaint; denying employment opportunities because of making a complaint or for cooperating in an investigation; changing someone's work assignments for identifying harassment or other forms of discrimination in the workplace; treating people differently such as denying an accommodation; or not talking to an employee/volunteer when otherwise required by job duties, or otherwise excluding the employee from job-related activities because of engagement in activities protected under this policy.

TRAINING REQUIREMENTS

Every two years, all supervisory employees/volunteers must attend Sexual Harassment Prevention and Workplace Civility training aimed at increasing their understanding of and preventing workplace sexual harassment (including harassment on the basis of sexual orientation, gender identity, and gender expression) and their role in creating an underlying culture of mutual respect in our workplace. Specific components of the training will include how to promptly and effectively respond to sexual harassment when it occurs, the effects of abusive conduct in the workplace, and ways to appropriately intervene if one witnesses behavior that is not in keeping with this policy. The training must be provided by trainers who, in addition to the other requirements set forth in 2 CCR 11024, have the ability through training or experience to train supervisors on how to identify, investigate, report, and respond to unlawful harassment, discrimination, and retaliation in the workplace.

ADDRESSING AND REPORTING VIOLATIONS OF THIS POLICY

Any employee, volunteer or applicant who experiences or witnesses behavior that they believe violates this policy is encouraged to immediately tell the offending individual that the behavior is inappropriate and, if they feel comfortable doing so, to tell the offending individual to stop the behavior. The applicant, volunteer or employee should also immediately report the alleged violation to his/her supervisor, manager or the EEO Officer. There is no chain of command when contacting the EEO Officer; an individual does not need supervisor or manager approval to do this. If the alleged offender is the employee's/volunteer's supervisor or manager, the employee should report the conduct to any other supervisor, manager or the EEO Officer. A complaint may be brought forward verbally or in writing. Written complaints can be made using the EEO Complaint Form (attached to this policy).

Supervisors or managers who learn of any potential violation of this policy are required to immediately report the matter to the EEO Officer, and must follow that officer's instructions as to how best to proceed.

Apple Valley Gun Club will promptly look into the facts and circumstances of any alleged violation, as appropriate. Even in the absence of a formal complaint, Apple Valley Gun Club may initiate an investigation where it has reason to believe that conduct that violates this policy has occurred. Moreover, even where a complainant conveys a request to withdraw their initial formal complaint, Apple Valley Gun Club may continue the investigation to ensure that the workplace is free from discrimination, harassment and retaliation. Anonymous complaints will also be investigated. The method will depend on the details provided in the anonymous complaint. If the complaint is sufficiently detailed, the investigation may be able to proceed in the same manner as any other complaint. If the information is more general, Apple Valley Gun Club may need to do an environmental assessment or survey to try to determine if misconduct has occurred. All investigations will be fair, impartial, timely, and completed by qualified personnel.

To the extent possible, Apple Valley Gun Club will endeavor to keep the reporting of the applicant or employee's/volunteer's concerns confidential; however, complete confidentiality cannot be guaranteed when it interferes with Apple Valley Gun Club's ability to fulfill its obligations under this policy. All employees/volunteers are required to cooperate fully with any investigation. This includes, but is not limited to, maintaining an appropriate level of discretion regarding the investigation and disclosing any and all information that may be pertinent to the investigation.

Upon completion of the investigation, if misconduct is substantiated Apple Valley Gun Club will take appropriate corrective and preventive action calculated to end the conduct up to and including formal discipline where warranted.

Contact information for Apple Valley Gun Club's EEO Officer is: The sitting Secretary of the Board of Directors.
